Checklist of the

BIRDS of SOUTHERN HUMBOLDT COMMUNITY PARK

Garberville, Humboldt County California

Second Edition Spring 2007

Directions

Garberville is located in southern Humboldt County, about 200 miles north of San Francisco, along scenic Highway 101. From downtown Garberville head west on Sprowel Creek Road 1.0 mile. The Community Park entrance is well marked.

Southern Humboldt Community Park encompasses hundreds of acres along the Wild & Scenic South Fork of the Eel River, and includes such diverse bird habitats as grassland, farmland, riverine and riparian, mixed hardwood and conifer forests, old growth bay laurel, emergent wetlands, and towering redwoods. The Park offers easy walks of variable lengths, and free guided bird walks occur once per month. Inquire locally for schedule or visit www.sohumpark.org

How to use this checklist

Seasonal Occurrence

VV	vvinter	December-February
Sp	Spring	March-May
Su	Summer	June-August
F	Fall	September-November

Abundance

Α	Abundant
C	Common

FC Fairly Common

U Uncommon

VU Very Uncommon

R Rare

* Known To Have Bred In Northwestern California

Email unusual sightings to: PeregrineNation@asis.com

Thanks to Southern Humboldt Community Park, Redwood Region Audubon Society, Trees Foundation, and the bird enthusiasts of the area for their support of this project.
